BLOOMINGTON PHOENIX NURSERY

BLOOMINGTON, ILLINOIS.

P. O. BOX 624.

OFFICE AND GREENHOUSES:
1215 NORTH PARK ST.

Electric cars pass the Office between Bloomington and Normal every twenty minutes.

Office During the Packing Season.—At the Packing and Nursery Grounds at Normal, three blocks southeast of Normal Passenger Depot, or two blocks south of terminus of Bloomington and Normal Electric Street Railway.

TELEPHONE No. 119.

600 ACRES.

13 GREENHOUSES.

IN presenting our Price-List for the Spring of 1897, we wish to thank all our patrons for past favors, and solicit a careful consideration of our very low prices and the completeness of our assortment of Nursery and Greenhouse Stock.

All orders received by us have our personal and prompt attention, and we guarantee reasonable satisfaction in every case, as thousands of unsolicited testimonials now on file fully attest.

We are prepared to offer special inducements to Nurserymen and Dealers buying in large quantities.

With our large storage cellars and packing houses, and a complete system of water works, distributing water to all parts of our packing grounds, we feel that our facilities for the careful and proper handling of Nursery Stock are not excelled by any nursery establishment in the country.

Our shipping facilities are unexcelled. Bloomington being an important railroad center we are able to forward promptly to all sections. With the Illinois Central R. R., Chicago & Alton R. R., Lake Erie & Western R. R., and the C. C. & St. L. R. R. (Big Four), and their branches, we have direct communication with Chicago, St. Louis, Cincinnati, Kansas City, Indianapolis, Dubuque, Cairo, and La Fayette, by daily freight trains without transfer. On account of our unusual facilities we are also enabled to obtain very low freight rates to all points. We ship with flattering results to Australia, Mexico, New Zealand, Nova Scotia, Oregon, Washington, California, Maine, and all the other states in the Union.

We exercise great care to have all articles true to name.

PHOENIX NURSERY COMPANY.

TERMS AND CONDITIONS.

Terms of Payment.—Cash or satisfactory security, before shipment of stock. All orders to be sent by Express, "C. O. D.," must be accompanied by ONE-HALF THE AMOUNT IN CASH.

Remit by Postal or Express Money Orders, Bank Drafts on New York, Chicago or St. Louis, payable to order of PHOENIX NURSERY COMPANY, or currency by express prepaid.

Orders and Conditions of Sale.—Please order EARLY, with order legible and separate from body of the letter, with name of Postoffice, County and State, and how you wish packages directed on the ORDER.

Long specified lists are subject to special prices. Needed specifications as to age, size, style, etc., state on the order, to save the trouble of referring to previous correspondence.

On all wholesale bills, the choice of varieties must be left to us. Particular varieties named in order furnished as far as practicable. Orders forbidding substitution we fill so far only as we can supply the sorts specified.

Prices.—Prices herein are strictly limited to the Spring of 1897 and rule only when the number specified is taken, but when the order amounts to \$10 or more, 5 will be furnished at 10 rates; 50 at 100 rates; 500 at 1,000 rates.

Packing.—Prices do not include packing. Packing carefully done, in boxes, mostly, sometimes in bales or parcels, for which we charge moderately; for large boxes, 8 or 9 feet by 2½, three of which usually hold 1000 5 to 6 feet apple—\$2.50 each, and in proportion for larger or smaller boxes. NO CHARGE FOR DELIVERING AT RAILROAD, EXPRESS, OR POSTOFFICE HERE. On lots by mail, postage and packing extra. Trees per car load, when loaded in bulk in box cars, no additional charge for loading and packing in car. When flat cars are used and boarded up we charge for additional labor, lumber, and material used.

Shipping.—We usually commence shipping in the Spring about March 1.

We prefer parties ordering should indicate the route by which they wish stock sent. In the absence of particular directions, we forward to the best of our judgment; but in no case do we assume any responsibility after consignment to purchaser, unless for our own mistakes. When losses occur by detention en route, claims should be made on the carriers immediately.

It is our custom, when sufficient time is given, to obtain through Freight or Express Rates on all Shipments.

To our customers at a distance we would also state that the postal rate on Trees and Plants has been reduced from 16 cents to 8 cents per pound, and can be shipped in any number of four pound packages to one address. We ship a great many root grafts, seedlings, clones, greenhouse plants, etc., in this way.

 Direct all letters to PHOENIX NURSERY COMPANY, P. O. Box 624, BLOOMINGTON, ILL.

Leading Sorts of Standard Apple Trees.

Summer—Astrachan Red, Benoni, Duchess of Oldenburg, Early Harvest, Early Pennock Fourth of July, Golden Sweet, Horse Apple, Keswick Codlin, Red June, Sops of Wine, Sweet June, Yellow May, Yellow Transparent, Tetofsky (Russian Crab), etc.

Autumn—Strawberry, Buckingham or Fall Queen, Bailey Sweet, Colvert, Fall Orange, Fall Stripe, Fameuse, Flora Bell, Haas (Queen), Maiden Blush, Rambo, Ramsdell's Sweet, Sweet Pear, Twenty Ounce, Wealthy, White Hoss, etc.

Winter—Aiken, Arkansas Black, Baldwin, Belleflower Yellow, Ben Davis, Carthouse (Little Romanite), Carpenter's Horse, English Golden Russet, Fulton, Grimes' Golden Pippin, Isham Sweet, Janet or Janeton, Jonathan, King of Tompkins County, Lawver, Limber Twig, Mammoth Blacktwig, Mann, Mo. Superior, Milam, Missouri Pippin, New York Pippin (Ben Davis or Baltimore Red), Newtown Pippin, Northern Spy, Northwestern Greening, Perry Russett, Pewaukee, Plumb's Cider, Price's Sweet, Rock Pippin, Rome Beauty, Smith's Cider, Salome, Talman Sweet, Utter's Large Red, White Winter Pearmain, Wolf River, Wagoner, Walbridge, Westfield Seek-No-Further, Willow Twig, Wine Sap, etc.

Russian—Aurora, Borsdorf, Charlottenthaler, Empress, Imperial, Little Seedling, Revel, Switzer, Winter Streak, and Yellow Transparent.

Crabs—Hyslop, Transcendent, Red Siberian, Yellow Siberian, Golden, General Grant, Whitney's No. 20, White Arctic, Gideon's No. 4, Quaker Beauty, Martha, Florence, etc.

Delaware Red Winter Apple.

This variety is now fruiting in this section of the State, and it is with much pleasure that we again call attention to it, and trust it will become justly popular in all parts of the country; except, perhaps, in the extreme north, where it may not prove sufficiently hardy to withstand their severe winters. Mr. P. H. Storm, the veteran horticulturist and fruit grower, says of it.

"Having had about fifty years experience in the cultivation of fruit, particularly apples, I have no hesitation in saying the **DELAWARE WINTER** heads the list. It is a vigorous grower as well as a prolific bearer. It also possesses excellent cooking qualities. Last, but not least, its keeping qualities are far beyond anything else of which I have any knowledge.

I have eaten them the last of August, ten months after they were gathered. No special care had been taken in their preservation. I have known them exposed to climatic influences through the spring and summer, and yet they were well preserved.

They are attractive in appearance, being highly colored, red all over, of large and uniform size. It is without doubt the coming winter apple, for both North and South, as it supplies a long-felt need to both nurserymen and consumers."

15 per cent Discount to the TRADE on prices in this Catalogue, except on stock marked with a star (*). An additional Discount of 5 per cent will be allowed ONLY when Cash accompanies the Order, or is received by us before shipment.

The Following are Our Leading Sorts of Pears:

Summer—BARTLETT, CLAPP'S FAVORITE, DOYENNE D'ETE, LECONTE, KING-
SESSING, OSBAND'S SUMMER, TYSON, ETC., ETC.

Fall—BELLE LUCRATIVE, BEURRE D'ANJOU, BUFFUM, DOYENNE BOUS-SOCK, DUCHESS D'ANGOULEME, popular dwarf; FLEMISH BEAUTY, mostly standard; HOWELL, L. B. DE JERSEY, popular dwarf; KEIFFER HYBRID (large stock, standard and dwarf), SECKLE, SHELDON, WHITE DOYENNE, LeCONTE, Etc.

Winter—LAWRENCE, MT. VERNON, VICAR OR LECURE, ETC.

LONGWORTH'S No. 1 PEAR.

Every tree has our seal attached.

This is a very hardy Seedling Pear of recent introduction; originated at Dubuque, Iowa, and was grown from seed some forty years since by the veteran nurseryman and horticulturist, Wm. Longworth. The tree is a strong upright grower, entirely FREE FROM BLIGHT, and an enormous bearer. Fruit, medium to large, nearly round; skin yellow with warm blush on the sunny side; flesh rather coarse, juicy, sugary, good flavor. Ripens from first to middle of September.

Having thoroughly tested this variety, we have no hesitancy in recommending it to the public for general planting. This pear has withstood our severest winters without the slightest injury, while other varieties were frozen to the ground. Being free from blight and EXTREMELY HARDY, it is a very desirable variety, and should be planted largely. See sizes and prices above.

IT IS THE PEAR FOR THE NORTHWEST.

HERCULES—This new black grape, which originated in this county, is now offered by us for the first time. The vine is a strong, healthy grower, hardy and productive; bunch large, long and broad; berries unusually large and round; a shade darker than Worden and covered with a blue bloom; ripens with Concord. The fruit of this variety was exhibited at the World's Fair, 1893, by the New York Experimental Station, where it created a great deal of interest. 1 year.....	1.00	9.00	75.00
" 2 years.....	1.50	12.50	100.00
ILLINOIS EARLY—A new grape which originated with the late G. A. Ensenberger, of this city, some ten years ago. The vine is very hardy, strong grower. Fruit large, purplish black; ripens with Moore's Early. Berry adheres well to the stem, and we believe will make an excellent shipping variety. 1 year.....	.75	6.00

*ROOT GRAFTS—[Order Early.]

 LARGEST STOCK AND ASSORTMENT IN THE UNITED STATES. 

Our Season for Making Root Grafts Closes March 1st.

Root Grafts are Cions and Roots grafted and tied together, ready for planting in nursery rows. Orders for special lists of sorts  PLEASE SEND EARLY, with one-fourth cash with order, balance before shipment. This is very important to secure best grafts and your selection of sorts, as we take special pains in cutting and putting up cions for early orders. *Please don't forget this.* No extra charge for packing. Even 50's or 100's of each sort will be put up at the following prices. For smaller or broken lists, prices will be given on application.

	100	500	1000
Apple—Price of assortments, packed, 10,000 for \$30.00	\$1.00	\$2.50	\$ 4.00
“ On whole roots. Price of assortments, packed, 10,000 for \$55.00	1.50	4.00	6.00
“ Delaware Red Winter	1.00	4.00	6.50
Pear—On whole roots, packed	2.00	7.00	10.00
Cherry—On whole roots, packed	2.00	7.00	10.00
Prune and Plum—On whole roots, packed	2.00	7.00	10.00

 We do not recommend the planting of Prune, Plum, and Cherry root grafts. They succeed best from buds.

Alexandra—Very free blooming, pale reddish violet color.....	\$0.50
Duchess of Edinburgh—Double white, of vigorous habit, free bloomer, very fragrant. 2 years.....	.50	\$ 4.00	\$35.00
General Grant—This excellent new Clematis originated in this city. It is supposed to be a hybrid of Velutina Purpurea, and Gem. Growth very strong and vigorous. Very hardy. Large flowers of the Henryii type. Petals well rounded. Of the brightest velvety reddish purple, shaded with bright red. This is the first new American Clematis, of extra fine merit, and undoubtedly new shades of color, in large flowering Clematis. It has been tried here for six years, and has proved to be unusually hardy and free blooming, 2 years.....	1.00	7.50

15 per cent Discount to the TRADE on prices in this Catalogue, except on stock marked with a star (*). An additional Discount of 5 per cent will be allowed ONLY when Cash accompanies the Order, or is received by us before shipment.

CLEMATIS—Continued.

	EACH.	10	100
Gem —The flowers are of a deep lavender blue, perpetual bloomer, 2 years	\$ 0.50
Gipsy Queen —Rich, bright dark velvety purple; very free, late flowering. 2 years.....	.50	\$ 4.00	\$35.00
Henryii —New, and one of the best perpetual hybrids, of robust habit, and very free bloomer. The flowers are large, white, and very showy. 2 years.....	.50	4.00	35.00
John Gould Veitch —Sent from Japan in 1882. The flowers are very handsome, distinct, large, double, and of a light blue or lavender color. It is like <i>Fortunei</i> , except in the color of the flowers. June and July. 2 years.....	.60
Jackmanii —Deep violet purple, flowers produced in masses; one of the best, especially for bedding. 2 years.....	.50	4.00	35.00
Jackmanii Alba —Without exception this is the best hardy climbing plant that has been sent out for many years. It has all the char- acteristics of <i>Jackmanii</i> , being free blooming and as vigorous. The flowers are nearly pure white, and make a fine contrast when planted near <i>Jackmanii</i> . It has been tested for years and has always won favor wherever shown. Strong plants, 2 years.	.50	4.00	35.00
Lanuginosa Candida —Large, white-tinted lilac; very fine. 2 years.....	.60	5.00
Lucie Lemoine —New, flowers white, double, large and well formed, com- posed of 75 to 90 sepals; very showy. 2 years.....	.50	4.00	35.00
Miss Bateman —One of the most charming of the Spring flowering Hy- brids, having large white flowers, with chocolate-red anthers, and somewhat fragrant. May and June. 2 years.....	.50	4.00	35.00
Madam Grange —Crimson violet, red bar in center. 2 years.....	.50	4.00	35.00
Madam Van Houtte —Strong grower, free bloomer, pure white, flowers single, and very large.....	.75	6.00	40.00
Madame Edouard Andre —A new French variety, entirely distinct and most novel. The nearest approach to a bright red yet produced. This Clematis was exhibited at the World's Fair, Chicago, in the French Department, and attracted great attention, owing to the brilliancy of its flowers. The plant is a strong, vigorous grower, being a hybrid of the popular <i>Jackmanii</i> variety, which it resembles in freedom of bloom, strong, vigorous growth, shape, and size of flowers. 2 years.....	1.00	9.00
Paniculata —New. A strong, vigorous grower; very free flowering. Pure white. Unusually fragrant. 2 years.....	.30	2.50	15.00
Star of India —A very showy, very free flowering sort, with large flowers, first of a reddish plum color, changing to a violet purple, with turkey red bar in the center of each flower leaf. A distinct vari- ety of great merit. July to October. 2 years.....	.50	4.00
Velutina Purpurea —Blackish Mulberry color; very strong grower and free bloomer. 2 years.....	.60	5.00
Virgin's Bower —Common white flowering. 2 years.....	.20	1.50	8.00
Viticella —Common purple. 2 years.....	.20	1.50	12.00
Vitalba —Small white flowers (<i>Traveler's Joy</i>). 2 years.....	.20	1.50	8.00

PLATE BOOKS.

NICHOLSON'S COLORED PLATES OF FRUITS AND FLOWERS.

Our stock is composed of hand-painted plates—all new, handsome and showy, and the best in the market.

Size, 5½x9, with printed description at bottom of each plate.

Price, 7 cents per plate, binding extra.

Plate books made promptly to order.

When bound in ordinary book form, with name and address printed on cover, a charge of \$1.00 is made for binding.

When bound in folio form, and arranged so as to show six to twelve Plates at once, making a beautiful and attractive combination of colors, a charge of \$1.50 is made for binding.

All books bound so that more plates can be added.

Bound books of plates generally on hand. Prices on application.

List of Plates free on application.

GREENHOUSE AND BEDDING PLANTS.

ROSES, HARDY AND TENDER BULBS, ETC.

Thirteen Houses for plants and propagating purposes, give us unusual facilities; so we can truly say our plants are in most splendid health and vigor, of the best size and shape for packing, and put up in the most approved style for safe transit. They are usually sent by express, for which there are excellent facilities at this point.

Where practicable, small plants will be sent by mail, cost of postage added; we shall, however, send all packages by express at purchaser's expense, unless specially ordered otherwise. The advantages are obvious. Larger and better plants can be shipped, and they usually arrive in better order, with fibrous roots intact, ready at once to sustain life. By mail, more or less soil is removed, unavoidably breaking roots, compelling the plant to make new roots, which it does quickly if conditions are favorable, or lingers for days or even weeks before it starts, much to the annoyance of the purchaser, who, no doubt, frequently exclaims, "I wish I had taken their advice and had them sent by express." With our many years of experience, we claim to be as successful in sending by mail as any. It is, however, the unanimous verdict of all florists, that expressing has many advantages over plants sent by mail. Plants or bulbs of a bulky nature will, in all cases, be sent by express or freight. Extra plants will be added to cover expressage.

Purchaser's selections gladly allowed, and the choice new varieties usually included in sets of tens, as far as practicable, without extra charge.

Time of Planting—From the time spring frosts cease up to June 15. A most admirable feature of pot-grown plants is the perfect safety and facility of using to advantage, up to a very late period, say July 10, for instance, where new places cannot be got ready in the usual spring season for planting, or where seeds, etc., have failed. The only prerequisites to choose, if possible, a moist, cloudy time for planting out, or use shade or water temporarily till rain comes. For very late planting the Monthly Roses are best for bloom; next, the quick growers and perpetual bloomers, as Ageratum, Zonale Geraniums, Cannas, Abutilons, Verbenas, Salvias, Feverfew; and for foliage, the beautiful Alternanthera, Achyranthus and Coleus.

We cannot afford to fill orders for less than \$1.00 at the prices named herein.

ROSES.

50 at 100 rates. Not less than 5 of a variety.

We make the growing of roses a specialty. Our list of varieties has been carefully selected so as to include only the very best. We are constantly buying the newer varieties, and after giving them a fair trial, discard such as are not found worthy of cultivation and of distinct character.

Our Roses are all grown on their own roots, either from cuttings or layers. We do not consider budded roses good for permanent out-door planting, the difference being the Manetti stock on which roses are budded makes such a strong growth and sends up so many suckers that it usually kills out the variety to which it is budded the first year, and takes its place, and nothing is left but the common or stock rose, unless of course the grower is very familiar with the cultivation of roses, and knows the difference between the stock and the bud and when to prune and pinch back.

We recommend pot-grown Monthly and Hybrid Perpetual Roses as best for spring planting. Being in a growing condition when received, they are almost certain to live, and from the fact that none of the small, fibrous roots are disturbed in transplanting, each plant being balled separate when taken from the pots, and all the roots left intact. Starting to grow at once they bloom earlier than dormant buds.

“ From 2½ inch pots, per 1,000, \$45.00.....	.15	1.00	5.00

We recommend pot grown Hybrid Perpetual Roses as best for Spring planting. They are easier to transplant than larger dormant plants, and especially for late planting. Those from 4-inch pots are the most desirable size for general planting, and will bloom earlier. Our leading varieties of pot grown H. P. Roses are

New Roses and Roses of Special Merit—Continued.

	EACH.	10	100
Baron de Maynard —(Hybrid Perpetual.) Flowers very large and perfect in form. Pure white, strong, vigorous grower; profuse bloomer throughout the season. From 2½ inch pots.....	\$.15	\$1.00	\$5.00
Beauty of Waltham —(Hybrid Perpetual.) Very strong, vigorous, free blooming, large flower; rosy carmine. From 2½ inch pots.....	.15	1.00	5.00
Belle de Normandy —(Hybrid Perpetual.) Splendid large full flowers, clear rose, shaded rosy carmine and lilac. From 2½ inch pots.....	.15	1.00	5.00
Belle Siebrecht —A truly superb Rose, the result of a cross between "La France" and "Lady Mary Fitzwilliams." Color, imperial pink. The flowers, which are sweetly perfumed, are large, beautifully formed, and of that long, tapering shape, with high center, and when half blown, the petals reflex in a graceful manner. The buds, which are borne on strong, erect stems 1½ to 2 feet long, are 2½ to 3 inches in length, and when fully open the flowers are 5½ to 6 inches in diameter, without showing the center. The flowers are of great substance. The petals which are of a heavy texture, do not easily bruise or tarnish. It is a free and vigorous bloomer, with large and glossy foliage of leathery texture, entirely free from mildew. A most prolific bloomer, every growth producing a perfect flower. We have fully tested this Rose since spring, 1895, and can truly say that we are fully satisfied with it. One of its best qualities is that it holds its color after cutting. From 2½ inch pots..... From 4-inch pots.....	.15 .25	1.00 2.00	6.00 12.00
Bon Silene —(Tea.) Deep rosy pink, shaded crimson. Semi-double. Very fragrant. From 2½ inch pots.....	.10	.60	3.50
Bridesmaid —(Tea.) A pink sport of Catherine Mermet. In color a very lively deep pink; has very fine foliage; is short jointed and is bound to become a favorite. From 2½ inch pots..... From 4-inch pots.....	.10 .25	.60 2.00	3.50 10.00
Caroline de Samsal —(Hybrid Perpetual.) Vigorous grower. Flesh color, deepening to center. Large, full. From 2½ inch pots.....	.15	1.00	5.00
Catherine Mermet —(Tea.) A beautiful clear flesh color. Large, full, well formed bud. Still one of the finest forcing Roses. From 2½ inch pots..... From 4-inch pots.....	.10 .25	.60 2.00	3.50 10.00
Cheshunt Hybrid —(Hybrid Tea.) Flowers very large. Bright red, shaded violet. Very full. From 2½ inch pots.....	.15	1.00	5.00
Clothilde Soupert —The flowers are large, double, beautiful in form, and borne in sprays. The color blends from a soft shell pink to a pure white. Roses with both of these colors are produced on the same plant at the same time. We consider it to be the best white bedding rose. It is very hardy and stands out over winter here. From 2½ inch pots..... From 4-inch pots.....	.15 .25	1.00 2.00	5.00 10.00
Coquette des Blancches —A finely formed, pure white rose; occasionally shows light flesh when first opening; beautiful shell shaped petals, evenly arranged. Flowers of good size, perfect, and of fine form and finish. One of the finest, freest, and most beautiful of the white hybrids. Very suitable for cemetery planting. From 2½ inch pots.....	.15	1.00	5.00
DINSMORE —This fine variety possesses all the desirable qualities of a bedding rose—good color, fine form, a profuse bloomer, and stands the rigor of our Northern winters without protection. The flowers are large, perfectly double, and of a dazzling scarlet crimson color, and have that rich, spicy fragrance peculiar to the best hybrid Roses. From 2½ inch pots.....	.15	1.00	5.00
Duchesse de Caylus —(Hybrid Perpetual.) Extra large flowers, very double, full, perfect form, very fragrant; color, rich cherry red, sometimes brilliant crimson, delicately tinged with scarlet; very fine. From 2½ inch pots.....	.15	1.00	5.00
Enfant Mount Caramel —(Hybrid Perpetual.) Fine, large, full flowers. Bright deep rose, elegantly shaded; very sweet, hardy, and good. From 2½ inch pots.....	.15	1.00	5.00

15 per cent Discount to the TRADE on prices in this Catalogue, except on stock marked with a star (*). An additional Discount of 5 per cent will be allowed ONLY when Cash accompanies the Order, or is received by us before shipment.

New Roses and Roses of Special Merit.—Continued.

	EACH.	10	100
Etoile de Lyon —This we consider one of the finest yellow bedding Tea roses. It blooms freely, and every flower is a gem. It equals Marechal Neil, on strong bushes. Color, a deep chrome yellow. From 2½ inch pots.....	\$.10	\$.60	\$ 3.50
Fanny Petzold —(Hybrid Perpetual.) Bright clear pink, shaded and edged with violet purple; large, handsome. From 2½ inch pots.....	.15	1.00	5.00
Gen. Jacqueminot —Now known everywhere. The best of all forcing roses of the Hybrid Perpetual class. Hundreds of thousands of feet of glass are exclusively devoted to this one variety. The buds, in midwinter, wholesale at from 25 cents to 50 cents apiece. Color, rich crimson; of fine shape and exquisite fragrance. This grand old variety holds its own against all new comers, and is undoubtedly the finest hardy rose of its color. From 2½ inch pots.....	.15	1.00	5.00
General Washington —(Hybrid Perpetual.) Color bright shining crimson; flowers are large and perfectly double; blooms the first season and almost constantly. From 2½ inch pots.....	.15	1.00	5.00
Hermosa —(Bourbon.) Always in bloom and always beautiful. The flower is cupped, finely formed, and full; color, the most pleasing shade of pink; very fragrant. A favorite with every one. From 2½ inch pots.....	.10	.60	3.50
Hippolyte Barreau —A grand new perpetual flowering dark red Hybrid Tea. The color is particularly bright and attractive, bright carmine red shaded velvety crimson. Flowers very large and full, of handsome shape, with beautiful long pointed buds. Excellent for cut flower purposes; very fragrant. The plant is a vigorous grower with stiff, erect stem, and a remarkably free and constant bloomer. One of the best new roses; a valuable addition to our limited list of bright red, ever-blooming roses From 2½ inch pots.....	.25	2.00	12.00
Kaiserin Augusta Victoria —New Forcing Rose—This beautiful rose has not only a royal name, but is a royal rose as well. We have white roses that have elegant buds, but when full blown are not all that is desired. Then again, we have white roses that are elegant when full blown, but have poor buds. This rose combines both these good qualities. It is a continuous bloomer, producing successive crops of buds, and formed with large petals of best substance; shows no center when fully open. Color, a pure snowy white. From 2½ inch pots..... From 4 inch pots.....	.10 .25	.60 2.00	3.50 10.00
La France —Flowers large and beautiful, either in the bud form or when expanded; peach blossom color, shaded pink and silvery rose. It is very free-blooming, every shoot forming a beautiful flower. In addition to this, it is entirely hardy with a slight protection of leaves, and most deliciously fragrant. From 2½ inch pots.....	.15	1.00	5.00
La Reine —(Hybrid Perpetual.) Beautiful, clear, bright rose; very large; fine full form; very fragrant and hardy. From 2½ inch pots.....	.15	1.00	5.00
Lady Helen Stewart —(Hybrid Perpetual)—Bright crimson, shaded scarlet; a good grower and abundant bloomer. From 2½ inch pots.....	.15	1.00	5.00
Mme. Alfred Carriere —(Hybrid Perpetual)—Pure white; slender, graceful growth; a very useful sort. From 2½ inch pots.....	.15	1.00	5.00
Madam C. Testout —A grand rose of the La France type, but larger and better color. It is a clear pink, very fragrant, and a splendid forcing variety. From 2½ inch pots.....	.15	1.00	5.00
Madam Chas. Wood —(Hybrid Perpetual)—One of the best roses for planting ever introduced; the flower is extra large, full and double; color deep, rasy-crimson, sometimes brilliant and scarlet with maroon shading. A constant and profuse bloomer. From 2½ inch pots..... From 4 inch pots.....	.15 .25	1.00 2.00	7.00 15.00
Madame Francois Petit —(Hybrid Perpetual)—White tinged with pink. Very free and hardy. From 2½ inch pots.....	.15	1.00	5.00
Madam Masson —(Hybrid Perpetual)—Blooms nearly all the time, and bears plenty of large full flowers; color clear bright rose; very sweet; handsome. From 2½ inch pots.....	.15	1.00	5.00

New Roses and Roses of Special Merit—Continued.

	EACH	10	100
Maman Cochet —(New Tea Rose)—One of the best new roses for 1895. The growth is vigorous, with rich, healthy foliage. The extra large flowers are produced on long stems, are very double, and the buds and half-expanded flowers are simply exquisite in their graceful form, delicate color, and rich fragrance. The color is deep rose pink, the inner side of petals silvery-gray. This variety was illustrated and described in the "Journal des Roses" two years ago, and one thousand dollars was refused for the stock by the originator, Mons. Cochet.			
From 2½ inch pots	\$.15	\$ 1.00	\$ 5.00
Marie Guillot —White tinged with a delicate shade of lemon; large, full and beautifully imbricated in form; one of the finest white Teas; the perfection of form in Tea Rose; highly fragrant.			
From 2½ inch pots10	.60	3.50
From 4 inch pots25	2.00	12.00
Mary Washington —A hardy, perpetual blooming climber, producing double snow-white blossoms in clusters and great profusion, from June until frost.			
From 2½ inch pots10	.60	3.50
From 4 inch pots25	2.00	10.00
Marechal Neil —The king of yellow climbers. Hardy south.			
From 2½ inch pots15	1.00	6.00
From 4 inch pots25	2.00	12.00
Meteor —Hybrid Tea Rose. Color is rich velvety crimson, exceedingly bright and striking. Both buds and flowers are large and of excellent form, full, double, borne on long stems.			
From 2½ inch pots15	1.00	5.00
From 4 inch pots25	2.00	10.00
Mrs. Degraw —A rose of great merit for out-door planting. Perfectly hardy here. Vigorous and free blooming. Color, deep pink. Very fragrant. We believe this to be the best pink bedding rose.			
From 2½ inch pots10	.60	3.50
From 4 inch pots25	2.00	10.00
Niphetos —Very large and double. Color, pure white. Highly valued for its lovely buds, which are large and pointed. This variety is extensively grown where white buds are in demand.			
From 2½ inch pots10	.60	3.50
From 4 inch pots25	2.00	10.00
Papa Gontier —A lovely Tea Rose. The blooms are large and long, with thick broad petals of dark carmine crimson. The inner petals are of a bright rosy carmine. The most popular forcing rose of its color.			
From 2½ inch pots10	.60	3.50
From 4 inch pots25	2.00	10.00
Paul Neyron —(Hybrid Perpetual)—A beautiful shade of deep rose, occasionally lightening to satiny pink in the center. One of the very largest, if not the largest, rose in existence. The branches are long and the foliage is superb, in keeping with the flowers; few thorns. Full, double, fragrant flowers. No collection complete without it.			
From 2½ inch pots15	1.00	5.00
Perle de Jardin —(Tea)—Without doubt the finest yellow rose in cultivation. Canary or golden yellow flowers. Large and beautiful form.			
From 2½ inch pots10	.60	3.50
From 4 inch pots25	2.00	10.00
Rainbow —A grand rose. A sport from Papa Gontier, but a better bloomer. Color, pale shell pink, striped with Gontier crimson.			
From 2½ inch pots10	.60	3.50
From 4 inch pots25	2.00	10.00
Sunset —Color is a shade of rich golden amber, tinged and shaded with a dark ruddy copper. Very beautiful.			
From 2½ inch pots10	.60	3.50
From 4 inch pots25	2.00	10.00
The Bride —A lovely pure white, very fragrant rose. Splendid to force. The buds have more substance than Niphetos. Are very full and double. The finest and most profitable of all the white roses for forcing.			
From 2½ inch pots10	.60	3.50
From 4 inch pots25	2.00	10.00
Ulrich Brunner —(Hybrid Perpetual.) A beautiful hardy Rose in flower and foliage. The former is large and cupped, bright cherry red, and very fragrant. The flowers are borne on long flower stalks, almost devoid of thorns.			
From 2½ inch pots15	1.00	5.00

New Roses and Roses of Special Merit—Continued.

	Each.	10	100
Vick's Caprice —(Hybrid Perpetual.) The flowers are large, ground color soft satiny pink, distinctly striped and dashed with white and carmine. It is beautiful in the bud form, being quite long and pointed, also showing the stripes and markings to great advantage, making it a valuable and desirable variety for cutting.			
From 2½-inch pots.....	\$.15	\$ 1.00	\$ 5.00
Viscountess Folkestone —A Hybrid Tea Rose of artistic shape and color. It forces readily, is of strong growth and bears lovely white flowers tinged salmon pink, slightly cupped and delightfully fragrant. The buds are of large size, pointed.			
From 2½-inch pots.....	.15	1.00	5.00

New Hardy Climbing Roses.

	Each.	10	100
Crimson Rambler —A grand new Rose from Japan. The plant is of very vigorous growth, making shoots of from six to ten feet during the season, rendering it a charming pillar Rose. It is also magnificent in bush form. The flowers are of a glowing crimson, and are produced in great pyramidal panicles or trusses, each carrying from thirty to forty blooms, the individual flower-measuring about one to one and a half inches in diameter, and remain perfect on the plant for upwards of two weeks. The foliage is bright green and glossy and perfectly healthy. We find this Rose perfectly hardy here.			
From 2½-inch pots.....	\$0.20	\$1.50	\$ 7.00
From 4-inch pots.....	.30	2.50	15.00
2 years, dormant.....	.30	2.50	15.00
Empress of China —We have thoroughly tested this valuable new rose for several years, and we guarantee it to be of great worth. Its distinct quality is its habit of true perpetual blooming, which is possessed by no other climbing rose in any where near the same degree. It commences to bloom about the first week in May in this latitude, and from that time, except under some special trying circumstances such as protracted drouth, it will bloom continuously until late in the fall. It is perfectly hardy, having withstood our severe winters here, unprotected and without injury. The vigor of growth is unsurpassed. The flowers are small, but very delicate, waxy and fragrant, and are borne profusely. The color is a soft dark red in bud, and changes as the flower opens or grows older, to a lighter shade or pink.			
From 2½ inch pots.....	.15	1.00	5.00
From 4 inch pots.....	.30	2.50	15.00
2 years, dormant.....	.30	2.50	15.00
Yellow Rambler —(Aglaiia)—This rose is, we are confident, an even more valuable introduction than the Crimson Rambler, for it is the <i>hardest yellow climbing rose</i> yet introduced, and quality of hardiness has been an extremely difficult one to combine with yellow color. It has withstood unprotected and without injury prolonged temperature of from zero to two degrees below and we believe that, with very slight attention, it can be grown everywhere that other roses succeed. The Yellow Rambler is a cross between the "Japanese Polyantha Sarmentosa" and Noisette "Reve d'Or," and Yellow Rambler is a <i>blood relation to the Crimson Rambler</i> , which it much resembles in growth and foliage. It also <i>blooms after the same manner as Crimson Rambler</i> , in large trusses, often as many as 120 to 150 flowers in a bunch. The flowers are very sweetly fragrant, and last three to four weeks without fading.			
From 2½ inch pots.....	.75	6.00

HARDY HERBACEOUS FLOWERING PLANTS.

The following assortment embraces the most desirable kinds and varieties. They are all showy, beautiful plants, of easy cultivation and of various seasons of flowering, from May to November.

	EACH.	10	100
Achillea —THE PEARL—New double white.....	\$0.20	\$1.50	\$ 6.00
Anemone Whirlwind —A new, semi-double form of Anemone Japonica-Alba, which is supposed to be a cross between this beautiful variety and a Japonica Rosea. In general style and habit it is identical with the white Anemone. It is of the same strong habit of growth, and is even more free-flowering than the original type. The flowers, which are 2¼ to 3 inches across, have several rows of pure white sepals, and the advantage of lasting much longer than the single varieties.....	.20	1.50	12.00

HARDY HERBACEOUS FLOWERING PLANTS—Cont.

	EACH.	10	100

<i>Pyrethrum Uliginosum</i> —This is considered by many the finest autumn flowering plant we have, growing 4 feet high and covered with a profusion of large white flowers. Resembles the Paris Daisy in form of flowers. Very useful for fall cutting; August to frost.....	.15	1.00	6.00
<i>Phlox</i> —HANDY PERENNIAL. The improvement made in this beautiful class of plants the past few years is perhaps more marked than in any other section of the Hardy Herbaceous family. Instead of the small flowers produced by the older varieties, which were almost limited in color to lilac and white, we now have gorgeous flowers combining all the various tints of rose, carmine, red, purple, white and salmon, with their distinct eyes. They require no care but dividing and resetting every second year. Their vigorous growth and freedom of bloom make them very useful plants. Perfectly hardy everywhere. We have about thirty sorts.....	.15	1.00	8.00
Strong clumps from open ground.....	.10	.75	5.00
From 2½-inch pots, after April 1.....	.20	1.50	12.00
<i>Violets</i> —Hardy, Russian, double, large blue.....	.20	1.50	12.00
<i>Veronica</i> —Amethystical lavender blue, angustifolia, white. Very desirable border plants.....	.25	2.00
<i>Yucca Filamentosa</i> —SPANISH BAYONET; 4 feet; June and July. Foliage evergreen and somewhat resembling the Century plant in habit of growth. The flower spikes are many-branched and the flowers are borne in huge panicles above the sword-shaped foliage. Large, white, waxy blooms. 3 year roots.....	.15	1.00	5.00
